

GN 798.2

Revolving handles

technical informations

Handle

Polyamide-based (PA) technopolymer. Temperature resistant up to 90 °C.

Colour

Black, matte finish.

Spindle

Zinc plated, blue passivated steel.

Flat base

Black-oxide steel.

Features and applications

Typical in design are the revolving handles GN 798.2 with their stepped shape consisting of two cylinders giving the operator a better grip.
